- A pleasure to use!

THE GARDENING REVOLUTION!

Now it's available! CTwix - the unique system for rubbish bag handling!

With the flexible bag holder CTwix you can forget about unmanageable plastic rubbish bags once and for all! All you have to do is to attach your plastic rubbish bag to the CTwix ring and start raking your leaves, grass or rubbish directly into the bag!

Your bag is attached quickly and easily

The bag holder is ready for use. You can now rake your leaves straight into the bag at ground level

The wall mounted holder is a useful accessory

Bags can also be held up by the stand/holder

The scoop attachment has the same use as a dustpan

The portable bag holder will make the job much easier!

The patented CTWix is a portable plastic bag holder made of recyclable plastic. When using the CTWix to collect your leaves, grass or rubbish simply push down and the bottom shapes itself to the contours of the ground. Turn your CTWix into the wind and it will help when raking directly into the bag!

There are several useful CTWix accessories available.

Galvanized ground stand/holder (in one or two pieces), **wall mounted holder**, **nylon bag and scoop attachment**.

Also, a **CTWix set** is available. It contains bag holder, two-piece stand/holder, wall mounted holder and scoop attachment.

				
<p>Stand/holder Keeps the CTWix at the level you wish Can be angled to the correct work level Can also be used together with the bag holder as temporary rubbish bins at e. g. garden parties and sport events</p>	<p>Two-piece stand/holder Divided in the middle with a threaded case Included in the CTWix set Very useful for caravan owners or others with lack of space</p>	<p>Wall mounted holder Can be fixed to a wall, either inside or outside e. g. a tool shed, for holding your recycling or litter bags on a permanent basis</p>	<p>Nylon bag 200-litre Very durable, handles sharp cuttings Has handles around the bottom of the bag for easier grip when emptying</p>	<p>Scoop attachment Is attached to the base of the CTWix ring and sits flat to the floor, enabling the user to sweep directly into the bag. Has the same use as a dustpan</p>

The **CTWix** is a **must** for gardeners, park attendants, caretakers, cleaning firms, litter pickers and event organizers.

The **CTWix** is a **high quality product** and is manufactured in northern Sweden.

In the store the **products can be shown** on a display unit with product information and/or through the informative CTWix video.

- Can't get easier!
